The Eagles Experience

"The Eagles Experience" is the most authentic tribute show to the Eagles on the road today. With a one-to-one lineup that reflects the Eagles during their heyday in the late 1970s, the members of "The Eagles Experience" each emulate their respective "Eagle", playing the correct instrument and singing the songs as sung by their protégé. Every member of "The Eagles Experience" is dedicated to presenting their part as accurately as possible, and will provide you with an ultimate "Eagles Experience" you will not soon forget. "The Eagles Experience" only plays songs written and recorded by the Eagles as a band, from their biggest hits to hidden gems. While there were many great songs by Don Henley, Glenn Frey, and Joe Walsh as solo artists, the Eagles created more than enough musical material to fill an entire evening, and then some.

Union Jack

Featuring the look and sounds of the 1960's British Invasion era, "UnionJack" takes you back to the days of The Beatles, Rolling Stones, Kinks, Hollies, Searchers and the many others that followed these great groups. A five-piece band, "UnionJack" was one of Western Mass' original "tribute" bands formed in 1979. After years of performing with other bands, UJ's members reformed in 2002. The current lineup features Gary Wilkinson, (guitar, vocals), Dave Lempke, (drums, vocals), Jim Brown (guitar, vocals), Peter Schindelman, (bass, vocals), and Greg Mitchell, (Keyboards). Wilkinson's lead vocals on classic Beatles' tunes have always been the band's strength, along with some great material and more than a little bit of humor. "UnionJack" follows the history of the British Invasion from the early days of "Beatlemania" through the end of the decade. In addition to those mentioned above "UnionJack" also features tunes by the Animals, Yardbirds, Badfinger, Dave Clark 5, Gerry & the Pacemakers, and many others.

Eight To The Bar

Listening to “Eight to the Bar” is a lot like driving along a time-warped highway precisely halfway between Count Basie’s Kansas City and Fats Waller’s Harlem, where the car radio picks up everything from *Jumpin’ at the Woodside* to the Andrews Sisters. Their material, like their outlandish wardrobes and onstage choreography, is a colorful mix of forties jazz and swing, fifties jump blues, and some of their own swing-influenced tunes. With their female and male vocals, saxophone (their sax player, Collin Tilton, is Van Morrison’s original sax and flute player who played on Morrison’s quadruple-platinum-selling *Moondance* album), guitar, bass, keyboards and drums, this unique sextet pack a musical and visual wallop not seen in New England since the group’s inception in 1975. Since that time they have released 12 CDs and have excited audiences from Europe to the Caribbean. The band has been named “Best All Around Band” by the CT Now Readers’ Poll 2018 and recently had the honor of touring the Republic of Georgia (near Russia) at the invitation of the U.S. Embassy there. Currently the group is working on its 13th CD.
